

Brighter Future- How to start new life in Wiesbaden?

Our first workshop **starts on 4th of November** with a get-together information session about living in Wiesbaden. We try to support your new start in Wiesbaden every second week with the topics live, work, health and leisure.

- Do you need support in finding a new flat or flat share?
- You are looking for a new job, training or an apprenticeship?
- Or do you want to meet new people or find a group with which you can pursue your hobbies?

We can help out in finding housing, jobs, leisure activities and the achievement of personal objectives and inform a little about German culture. We also want to help online, unbureaucratic and promptly on the following topics

- Language courses and translation
- apartment-hunting in Wiesbaden
- work, job search, employment law
- contact to public authorities, associations, e.g. specialists for asylum law
- Contact to advice centers and volunteers
- Offer to meet new people from Wiesbaden

If you know an interested migrant or refugee or you are interested yourself please send us a message on Facebook.

We created the Facebook Page „RefugeesWelcome Wiesbaden“ to support the start of refugees and migrants in Wiesbaden. Please join our site and share your ideas on our Facebook Page. All people and languages are welcome!

Best regards!
